## Summary

As an enthusiastic and motivated IT graduate with a solid foundation in programming, database management, and networking, I am eager to apply my academic knowledge to real-world projects. I am focused on contributing to innovative technology solutions and further developing my skills in full-stack development

## Projets

### AI-Based Resume Analyzer

[ai-resume-maker-weld.vercel.app/](https://ai-resume-maker-weld.vercel.app/)

GLS University

04/2025 - 06/1970

AI-Based Resume Maker web application utilizing AI for resume management

- Built a full-stack web application that allows users to upload, analyze, and manage resumes using AI
- Implemented a React.js frontend with a FastAPI backend and MongoDB for storage
- Integrated Google Gemini API for resume parsing and insights
- Enabled secure authentication Using JWT, PDF generation, and RESTful API communication
- Deployed the frontend on Vercel and backend on Render

### FurniVibe: Online Ecommerce Website

[https://github.com/SahilMansuri07/Bachelors\\_PHP\\_Project](https://github.com/SahilMansuri07/Bachelors_PHP_Project)

Gujarat University

11/2023 - 05/2024

FurniVibe, an online e-commerce website for furniture products

- Developed a dynamic e-commerce website for browsing and purchasing furniture products online
- Implemented core features including product catalog and management, user authentication, order checkout system, and order history system
- Designed responsive UI with modern layout and connected the frontend with a PHP-MySQL backend for real-time data handling
- Enabled category-based filtering, search functionality, and order management for managing products and orders
